About us

The Adair Arms Hotel was originally built in 1846 by Sir Robert Adair and was designed by Charles Lanyon, responsible for many well known buildings such as the prestigious Queen's University in Belfast. The Hotel was fully refurbished in 2012 and boasts guest areas that are filled with character and original features with all of the modern enhancements for our business guest needs. Located in Ballymena town centre for shopping and business access, a gateway to explore the beauty of the North Coast.

At the Adair Arms Hotel, our experienced Conferencing and Banqueting team look forward to welcoming you to the hotel. You can be assured that our experienced team will add to your event and ensure that every aspect is taken care of with attention to detail. Ideally situated in Ballymena town centre providing guests with convenient transport links and access.

The Adair Arms Hotel is part of McKeever Hotel Group, a family run hotel company.

Environmental Policy

Adair Arms Hotel accept our “Duty of Care” and are committed to protecting and sustaining the environment for future generations by minimising the impact of our activities and services on the environment.

In delivering our commitment we will:

- Ensure our environmental objectives are appropriate to the nature, scale and impact of our activities and services.
- Ensure that our environmental statutory obligations are met, strive to achieve environmental best practice and we will actively co-operate with the authorities on environmental protection matters.
- Seek to conserve natural resources by ensuring the responsible use of energy, water and materials yet still provide the quality of service expected by our guests.
- Set objectives and monitor performance with the aim of continual improvement by reducing, re-using and recycling in areas such as energy and water consumption and the reduction of waste materials.
- Communicate the policy to all persons working for and on behalf of McKeever Hotels Ltd and encourage employee participation for the continued improvement of environmental performance.
- Encourage staff to be more environmentally friendly in their activities as McKeever Hotels Ltd recognise that successful implementation of this policy requires total commitment of both management and employees at all levels.
- Document, implement, and maintain our environmental policy by conducting regular reviews of the policy objectives and revising and updating the environmental policy in light of legislative and organisational changes.

Energy Efficiency Measures:

We are working to reduce our energy consumption by the following measures:

- LED lighting has been installed where possible throughout the hotels
- Automatic on/off in corridors, toilets and public areas aswell as keycard activation for many bedrooms
- When occupancy is low in the hotel, we are able to close off blocks of bedrooms to save heating and lighting usage
- All computers and printers are turned off when not in use

Water Efficiency Measures:

We have developed a programme to manage our water usage. We aim to reduce consumption and costs.

- Installation of water saving devices in toilets, urinals, sinks and showers.

Waste Efficiency Measures:

- Glass, cardboard, paper, ink cartridges are all recycled
- Food waste is collected
- Automatic dispensers for detergents have been fitted in the kitchens to reduce waste of chemicals
- Cooking Oils are cleansed and recycled
- Electronic mail where possible instead of paper advertising

Pollution:

We work with external companies to ensure the safe removal and disposal or recycling of waste product from the hotel

- Disposal of grease
- Work on carbon emissions
- Chemicals are sourced from companies with the environment in mind, where possible they are biodegradable and environmentally friendly

We have worked through training with our staff on reduction of waste and care for the environment.
